Cyprus Tax Info
2010

Preface

This brief guide has been prepared to provide a general background to the Cyprus tax system. The tax information reflects tax law and practice in Cyprus as of 28 January 2010.

During the last 20 years, Cyprus has established itself as the main financial centre for inward investments in central and eastern Europe, Russia, India and China. Further, the accession to the EU in 2004 has considerably enhanced the island's long standing international business advantages.

Cyprus has for many years now differentiated itself from other financial centers. It is not a tax haven but a tax incentive country. The corporate tax rate in Cyprus is the lowest in the EU, the tax regime provides many exemptions and the island's double tax treaties continue to be in force. Cyprus is an attractive holding company jurisdiction and much more.

1 An International Financial Centre

Favourable location

Cyprus is situated in the north-eastern basin of the Mediterranean Sea at the crossroads of Europe, Asia and Africa. It is 65 km south of Turkey, 96 km west of Syria, 385 km north of Egypt, 980 km south-east of Athens and 328 km west of Israel. The strategic location of the island has played an important role in its continuing development into a financial centre.

Comprising an area of 9.251 sq km Cyprus is the third largest island in the Mediterranean after Sicily and Sardinia. Cyprus enjoys perhaps the best type of Mediterranean climate with about 340 warm and sunny days a year. The light rainy season is confined to the period between November and March.

Cypriots are highly educated. In fact, Cyprus has the highest percentage of university graduates per capita in the EU. This ensures an adequate supply of skilled and qualified personnel. Although the native language is Greek, English is commonly used as the business language.

The Cyprus economy is based on services. An EU member state since May 2004, Cyprus offers a unique experience to investors and trading partners. The strong pro-business environment, the multi-lingual and highly skilled human capital, the plentiful supply of well-trained human capital, the state of the art telecommunications infrastructure have made the island one of the most progressive and efficient business locations in Europe. In addition to these, the favourable tax regime makes Cyprus an ideal location for service industry activities.

Investment companies

Cyprus companies are suitable both for EU inbound or outbound investments. There are no investment activities that are not appropriate for the Cypriot tax environment. However, there are investment activities which are ideally suited to Cypriot tax environment such as:

- holding companies
- finance companies
- royalty companies
- investment funds
- South Europe, Middle East, central and eastern Europe head office operations

The tax climate offers many advantages to investors setting up in Cyprus, which include:

- low taxation, the lowest rate in the EU
- extensive double tax treaties network
- exemption from tax on dividends received, in most cases
- exemption of capital gains on shares and securities
- exemption from withholding tax on the repatriation of income as dividends, interest and royalties
- access to EU directives

- Security and certainty of operating with the EU regulatory environment

Foreign investment

Foreign investment has long been considered as one of the most important elements of the country's economic prosperity. Considerable effort has been made to facilitate and enhance the attraction of foreign investments and create a friendly environment for foreigners to establish their business in the island.

In this context, the government has liberalised its Foreign Direct Investments (FDI) policy for both EU and non-EU nationals. Administrative procedures have been simplified and as far as the minimum level of investment and the percentage of foreign participation are concerned, no limitations apply in almost all sectors of the economy.

Incentives for locating a business in Cyprus include:

- Favourable taxation which includes – inter alia – 10 percent corporation tax, low personal income tax and no capital gains tax on the sale of shares
- A prosperous and resilient economy enjoying long term stability and growth
- Member of the EU and a gateway for the movement of goods inside and outside the EU
- Skilled workforce, qualified and multilingual

- Excellent infrastructure providing easy access by air and sea
- Low set up and operating costs
- Simplified procedures for acquiring requisite permits
- A fine place to live and work in with pleasant climate and high quality of life

2 Personal Income Tax

Basis of taxation

All Cyprus tax residents are taxed on all income accrued or derived from all sources in Cyprus and abroad. Individuals who are not tax residents of Cyprus are taxed only on income accrued or derived from sources in Cyprus.

An individual is tax resident in Cyprus if he spends in Cyprus more than 183 days in any one year. Days in and out of Cyprus are calculated as follows:

- (a) the day of departure from Cyprus counts as a day of residence outside Cyprus
- (b) the day of arrival in Cyprus counts as a day of residence in Cyprus
- (c) arrival and departure from Cyprus in the same day counts as one day of residence in Cyprus
- (d) departure and arrival in Cyprus in the same day counts as one day of residence outside Cyprus

Personal tax rates

The following income tax rates apply to individuals:

Chargeable income	Tax rate	Tax	Accumulated tax
€	%	€	€
0-19.500	Nil	Nil	
19.501-28.000	20	1.700	1.700
28.001-36.300	25	2.075	3.775
Over 36.300	30		

Foreign pension is taxed separately at the rate of 5 percent and an annual exemption of €3.420 is granted. A person may elect in any year to have his/her pension included in his/her chargeable income so as to utilise personal allowances.

Exemptions

The following income is exempted from tax:

Type of income	Exemption limit
<ul style="list-style-type: none"> ▪ Interest 	the whole amount
<ul style="list-style-type: none"> ▪ Dividends 	the whole amount
<ul style="list-style-type: none"> ▪ Remuneration from any office or employment exercised in Cyprus by an individual who was not resident of Cyprus before the commencement of his employment, for a period of 3 years commencing from 1 January following the year of commencement of the employment 	20 percent of income with a maximum amount of €8.550 annually
<ul style="list-style-type: none"> ▪ Remuneration from salaried services rendered outside Cyprus for more than 90 days in a tax year to a non Cyprus resident employer or to a foreign permanent establishment of a Cyprus resident employer 	the whole amount

<ul style="list-style-type: none"> ▪ Profits from the sale of securities* 	the whole amount

* Securities is defined as shares, bonds, debentures, founders' shares and other securities of companies or other legal persons, incorporated in Cyprus or abroad and options thereon. A circular was issued by the Tax Authorities in 2008 further clarifying what is included in the term "securities". According to the circular the term includes, short positions, futures, forwards and swaps where they are in respect of securities and depositary receipts (ADR,GDR). Index participations are considered securities only if they result in titles. Where it is not certain whether a specific financial instrument falls under any of the categories included in the circular, a request for a ruling may be submitted to the Commissioner of Income Tax.

Tax deductions

The following are deducted from income:

▪ Contributions to trade unions or professional bodies	the whole amount
▪ Loss of current year and previous years	the whole amount
▪ Rental income	20 percent of gross rental income
▪ Donations to approved charities (with receipts)	the whole amount
▪ Social Insurance, provident fund, medical fund, pension fund contributions and life insurance premiums (the allowable annual life insurance premium is restricted to 7 percent of the insured amount)	Up to 1/6 of the chargeable income
▪ Expenditure incurred for the maintenance of a building (under Preservation Order)	Depending on the size of the building - up to €342, €513 or €598 per square meter

Social grants

The following social grants are given:

- Grant for every child receiving full time higher education in Cyprus (with certain restrictions) or full time university education outside Cyprus. Families with more than 3 children receive an additional grant
- Grant for blind persons
- Basic child grant and additional child grant for families that have a gross family (applicant, spouse, children) income below the specified threshold

The actual amounts of social grants are revised annually and announced at the beginning of each year. It is not necessary to submit any evidence on application unless it is the first claim.

3 Corporation Tax

Basis of taxation

All companies tax resident of Cyprus are taxed on all their income accrued or derived from all sources in Cyprus and abroad. A non Cyprus tax resident company is taxed on income accrued or derived from a business activity which is carried out through a permanent establishment in Cyprus and on certain income arising from sources in Cyprus.

A company is resident of Cyprus if it is managed and controlled in Cyprus.

Losses carried forward

The tax loss incurred during a tax year and which cannot be set-off against other income is carried forward and is set-off against future profits with no time restriction. This provision is applicable for all losses incurred from 1997 tax year onwards.

The current year loss of one company can be set off against the profit of another provided the companies are both Cyprus tax resident companies of a group.

Group is defined as:

- (a) one company holding at least 75 percent of the shares of the other company
- (b) at least 75 percent of the voting shares of the companies are held by another company

A partnership or a sole trader transferring business into a company can carry forward tax losses into the company for future utilisation.

Losses from a permanent establishment abroad can be set-off with profits of the company in Cyprus. Subsequent profits of the permanent establishment abroad are taxable up to the amount of losses previously allowed.

Reorganisations

Transfers of assets and liabilities between companies can be effected without tax consequences within the framework of a reorganisation.

Reorganisations include:

- (a) mergers and demergers
- (b) partial divisions
- (c) transfer of registered office
- (d) transfer of assets
- (e) exchange of shares

Special Type of Companies

Shipping companies

- no income tax is payable on the profits earned or dividends paid by a Cyprus shipping company which owns ships under the Cyprus flag and operates in international waters (including chartering), or on the salaries of officers and crew of such ships
- the exemption also applies to the bare boat charterer of a vessel flying the Cyprus flag under parallel registration
- local or international ship management and crew management businesses have the option to be taxed either at the rate of 4,25 percent or at rates equal to 25 percent of the rates used to calculate the tonnage tax of vessels under management which are registered outside Cyprus. If no election is made tonnage tax will be imposed. The election is made annually by 30 November of the previous year

Insurance companies

Profits of insurance companies are liable to corporation tax similar to all other companies except in the case where the corporation tax payable on taxable profit of life insurance business is less than 1,5 percent on gross premium. In this case the difference is paid as additional corporation tax.

International Collective Investment Schemes (ICIS)

The sole object of an ICIS is the collective investment of the funds of its unitholders.

An ICIS can take the following legal forms:

- international fixed capital company
- international variable capital company
- international unit trust scheme and
- international investment limited partnership

ICIS are liable to corporation tax similar to all other legal entities depending on the legal status of the ICIS.

Royalty income

The gross amount of any royalty, premium, compensation or other income derived from sources within Cyprus by any person not being a tax resident, is subject to withholding tax at the rate of 10 percent. This can be reduced depending upon the provisions of the relevant double tax treaty and where the EU Interest and Royalty Directive applies.

Where a Cyprus company is granted the right to use a patent, trademark or innovation outside Cyprus there is no withholding tax on payments to the licensor and the Cypriot company is taxed at the corporate income tax rate on the profit margin that it realises on the use of the right.

EU Interest and Royalty Directive

The EU interest and royalty directive came into effect on 1 January 2005. It provides that interest and royalty payments in one EU member state are exempt from any withholding taxes imposed on those payments in that state, provided that the beneficial owner of the interest is a company in another EU state.

For the directive to apply the companies must be associated. The interest or royalty must be on an arm's length basis. The directive will not apply to what is considered to be in excess of an arm's length amount.

Greece, Czech Republic, Slovakia, Poland, Portugal, Spain, Latvia and Lithuania have been granted a transitional period in which to apply the directive. They can charge a maximum withholding tax of 5 percent until 2011.

The overall tax burden on interest and royalties remitted to Cyprus from these countries is not affected by the transitional provisions as Cyprus grants a tax credit for the taxes withheld by these countries.

Film rental

The gross amount of any rental in respect of the showing of cinematograph films in Cyprus derived by any person who is not a tax resident, is subject to a 5 percent withholding tax.

Income from profession or vocation

The gross income derived by an individual not resident in Cyprus, from the exercise in Cyprus of a profession or vocation or of public entertainers including football clubs and other athletic clubs is subject to a 10 percent withholding tax.

4 Special Contribution for Defence

Special Contribution for Defence is imposed on income earned by Cyprus tax residents. Non-tax residents are exempt from special contribution for defence. It is charged at the rates shown in the table below.

Tax rates

	Individuals	Legal entities
	%	%
• Dividend income from Cyprus resident companies	15	Nil
• Dividend income from non-Cyprus resident companies	15	Nil ¹ (under conditions)
• Interest income arising from the ordinary activities or closely related to the ordinary activities of the business	Nil	Nil
• Other interest	10 ²	10
• Rental income (reduced by 25%)	3	3

Notes

1. Dividend income from abroad is exempt from Special Contribution for Defence:

- no more than 50 percent of the paying company's activities result directly or indirectly in investment income, and
- the foreign tax burden is not significantly lower than the tax rate payable in Cyprus. The Tax Authorities have clarified through a circular that significantly lower, means a tax burden rate below 5 percent

When the exemption does not apply, the dividend income is subject to Special Contribution for Defence at the rate of 15 percent

2. *Interest income from Cyprus government savings bonds and development bonds and all interest earned by a provident fund is subject to Special Contribution for Defence at 3 percent (instead of 10 percent).*
3. *Where the total income of an individual including interest does not exceed €12.000 in a taxable year, then the rate is reduced from 10 percent to 3 percent.*

Due dates:

- (a) Special Contribution for Defence on rental income and trading profits of semi-government organisation is payable in 6 monthly intervals on 30 June and 31 December each year
- (b) Special Contribution for Defence due on interest and dividends received gross is payable at the end of the month following the month in which they were received.

Foreign taxes paid can also be credited against the defence tax liability.

Deemed dividend distribution

If a Cyprus resident company does not distribute a dividend within two years from the end of the tax year then:

- 70 percent of accounting profits (after specified adjustments for revaluations etc) are deemed to have been distributed
- 15 percent special contribution for defence is imposed on deemed dividend distribution applicable to shareholders who are residents of Cyprus, including higher level Cyprus parent companies. The rate is reduced to 3 percent on deemed distributions of Collective Investment Schemes.

- deemed distribution is reduced with payments of actual dividends which have already been paid during the two years from the profits of the relevant year

When an actual dividend is paid after the deemed dividend distribution, then special contribution for defence (if any) is imposed only on the additional dividend paid not previously subject to deemed dividend distribution.

Special Contribution for Defence paid under the deemed dividend distribution provisions can be reclaimed where a dividend is eventually paid to a higher level Cyprus parent company.

Company dissolution

The cumulative profits of the last five years prior to the company's dissolution, which have not been distributed or deemed to have been distributed, will be considered as distributed on dissolution and will be subject to Special Contribution for Defence at the rate of 15 percent.

The rate for Collective Investment Schemes is 3 percent.

This provision does not apply in the case of dissolution under a reorganisation.

Reduction of capital

In the case of reduction of capital of a company, any amounts paid or due to the shareholders up to the amount of the undistributed taxable income of any tax year calculated before the deduction of losses from subsequent years, will be considered as dividends

distributed subject to Special Contribution for Defence at 15 percent after deducting any amounts which have been deemed as distributed.

The above provisions do not apply where the shareholders are non-Cyprus residents.

5 Capital Gains Tax

Basis

Capital Gains Tax (CGT) is imposed at the rate of 20 percent on gains from the disposal of immovable property situated in Cyprus including gains from the disposal of shares in companies which own such immovable property in Cyprus and not listed in any recognised Stock Exchange.

Determination of capital gain

The capital gain is calculated after deducting from the selling price the initial acquisition cost or the market value as at 1 January 1980 whichever is the higher, inflated by the retail price index in Cyprus. Expenses related to acquisition and disposal are deductible.

Exemptions

The following disposals of immovable property are not subject to CGT:

- transfers arising on death
- gifts made from parent to child or between husband and wife or between up to third degree relatives
- gifts to a company where the company's shareholders are members of the donor's family and the shareholders continue to be members of the family for five years after the day of the transfer
- gifts by a family company to its shareholders, provided such property was originally acquired by the company by way of donation. The property must be kept by the donee for at least three years

- gifts to charities and the Government
- transfer as a result of reorganisations
- exchange or disposal of immovable property under the Agricultural Land (Consolidation) Laws
- expropriations
- exchange of properties, provided that the whole of the gain made on the exchange has been used to acquire the other property. The gain that is not taxable is deducted from the cost of the new property, i.e. the payment of tax is deferred until the disposal of the new property.

Deductions

The following deductions exist for individuals:

	€
• sale of own residence (under certain conditions)	85.430
• sale of agricultural land by a farmer	25.629
• other sales	17.086

The above exemptions are granted only once for each taxpayer and not for each sale. An individual claiming a combination of the above is allowed a maximum of €85.430.

6 Estate Duty

Estate Duty was abolished in 2000. The executor/administrator of the estate of the deceased is required by the Deceased Persons Estate Law to submit to the Tax Authorities a statement of assets and liabilities of the deceased within six months from the date of death.

7 Value Added Tax

VAT is imposed on the provision of goods and services in Cyprus, as well as on the acquisition of goods from the EU and the importation of goods into Cyprus.

Taxable persons charge VAT on their taxable supplies (output tax) and are charged with VAT on goods or services which they receive (input tax).

For intra community acquisitions of goods (except goods subject to excise duty or new means of transport) the trader does not pay VAT on receipt of the goods in Cyprus but instead accounts for VAT using the acquisition accounting method. This involves a simple accounting entry in the books of the business whereby he self charges VAT and at the same time claims it back if it relates to taxable supplies thereby creating no cost to the business.

Where the acquisition relates to an exempt transaction, the trader must pay the VAT that corresponds to the acquisition.

As from 1 January 2010 significant changes come into effect in the EU and Cyprus VAT legislation in the following areas:

- Changes in the country of taxation of services provided between businesses established in two different EU Member States
- Changes in the country of taxation of services, supplied to consumers
- Changes in the time of supply of services for which VAT is due by the recipient
- Procedure for refund of VAT paid in another Member State.

As a result of the above changes, additional compliance obligations arise as from 1 January 2010 for Cyprus resident businesses supplying services to businesses established in other EU Member States for which the recipient is liable to account for VAT under the reverse charge provisions. Such businesses will be required to complete and submit a VIES declaration on a monthly basis, for services which are taxed by the recipient under the reverse charge provisions. In addition as from 1 January 2010 the VIES declaration for intra-Community supplies of goods must also be submitted on a monthly basis (instead of a quarterly basis). VIES return will only be submitted electronically.

VAT rates

The legislation provides for the following tax rates:

- zero rate
- reduced rate 5 percent
- reduced rate 8 percent
- standard rate 15 percent

Zero rate

- Supply of goods and services to other EU member states
- Exports to non EU countries
- Foodstuffs
- Commissions received from abroad for import-export of goods
- Certain medicines and vaccines
- International air and sea transport
- Processing carried out on goods in Cyprus on behalf of a customer abroad provided that the goods will be exported outside the EU when the processing finishes

Reduced rate

- Hotel accommodation fees (8%)
- Restaurants and catering (except alcohol) (8%)
- Rural and private tax transport services (8%)
- Tourist excursion and long distance bus services (8%)
- Supply of fertilisers, animal feeding products and seeds (5%)
- Supply of live animals for human consumption (5%)
- Newspapers and magazines
- Books, magazines and newspapers (5%)

- Non-bottled water (5%)
- Liquid gas (5%)
- Transfer of persons on a rural or city bus (5%)
- Various goods for the use of handicapped persons (5%)
- Ice cream and similar products (5%)
- Funeral service and supply of coffins (5%)
- Road sweeping, garbage collection and recycling (5%)
- Services of authors, composers and artists (5%)

Exemptions

The following services are exempt from VAT:

- Rents
- Most medical services
- Most insurance, banking and financial services
- Educational services
- Management services provided to mutual funds
- Supplies of real estate, excluding new buildings before their first use but including supplies of land and of second-hand buildings
- Postal services provided by the national postal authority
- Lottery tickets and betting coupons for football and horse racing

Registration

Registration is compulsory for businesses with turnover in excess of €15.600 in a year or with an expected turnover in excess of €15.600 in a period of thirty days following. Businesses with less than this turnover have the option to register only if they so elect.

An obligation for registration also arises for businesses which make acquisitions of goods from other EU member states in excess of €10.252 during any calendar year.

Exempt goods and services and transactions of capital nature are not taken into consideration when determining the annual turnover for registration purposes.

In addition as from 1 January 2010 an obligation for VAT registration arises for businesses engaged in the supply of intra-Community services for which the recipient must account for VAT under the reverse charge rules. In addition, an obligation for VAT registration arises for businesses carrying out economic activities where they receive services from abroad for which an obligation to account for Cyprus VAT under the reverse charge provision exists.

No registration threshold exists for either intra-Community supply of services or from receipt of services from abroad.

Thresholds for VAT Registration – Summary

	€
• Provision of taxable supplies in Cyprus	15.600
• Acquisition of goods in Cyprus from other EU Member States suppliers	10.252
• Supply of intra-Community services	Nil
• Receipt of services from abroad - under reverse charge rules	Nil

Grant for acquisition of first residence

The grant is given to entitled persons for the construction or purchase of a new house or the transfer of ownership of a building which is used as the main permanent residence.

The application for the grant is submitted to the Ministry of Finance, in relation to houses for which an application has been submitted for the issue of planning permission after 1 May 2004. Persons entitled to this grant are individuals who are citizens of the Republic of Cyprus or of any other EU member state who resides permanently in the Republic of Cyprus and has reached the age of 18 at the time of application. The grant is given for houses whose total area does not exceed 250 m² and the level of the grant is limited to 130 m² (extended for families with four and more children) and depends on

the type of the property and on whether the house was constructed or purchased. The relevant legislation provides that the level of the grant will be adjusted annually for the increase in the Retail Price Index.

Difference between zero rate and exempt supplies

The difference between zero rate and exempt supplies is that businesses that make exempt supplies, are not entitled to recover the VAT charged on their purchases, expenses or imports.

Irrecoverable input VAT

As an exception to the general rule, input VAT cannot be recovered in a number of cases which include the following:

- acquisition used for making exempt supplies
- purchase, import or hire of saloon cars
- entertainment and hospitality expenses (except those relating to employees and directors)
- housing expenses of directors

VAT declaration - Payment/return of VAT

VAT returns must be submitted quarterly and the payment of the VAT must be made within 10 days of the second month that follows the month in which the tax period ends.

VAT registered persons and companies have the right to request for a different filing period. Approval of the VAT authorities is required.

A tax person maybe required by the authorities to file returns for different periods.

Where in a quarter input tax is higher than output tax, and therefore a repayment is due, the difference is refundable or is transferred to the next VAT quarter.

Penalties

	€
• Late submission of VAT Return	51 each
• Late submission of VIES Return	50 each
• Omission to submit VIES Return for a period over three months*	2.862
• Late submission of corrective VIES Return	15 each
• Late registration with VAT authorities	85 per month of delay
• Omission to keep books and records for 7 years	341

**criminal offence with maximum penalty*

8 Immovable Property Tax

Immovable Property Tax is imposed on the market value as at 1 January 1980 and applies to the immovable property owned by the taxpayer on 1 January of each year. The immovable property tax is payable on 30 September of each year.

The immovable property tax is imposed on both individuals and legal persons.

Tax rates

Property value €	Rate %	Accumulated tax €
Up to 170.860	-	-
170.861-427.150	2.5	641

- Immovable property owned by the republic
- Public hospitals
- Churches
- Embassies and consulates
- Public cemeteries
- Property occupied by the Turks
- Agricultural land used for farming or breeding
- Buildings under the Preservation order

9 Transfer Fees

Transfer Fees are levied by the Department of Land and Surveys for transfers of immovable property situated in Cyprus.

Rates applying from 19 March 1999.

Property value €	Rate %	Accumulated fees €
Up to 85.430	3	2.563
85.431-170.860	5	6.835
Over 170.860	8	-

In the case of property transferred to a family company, transfer fees are refundable after five years if the property remains with the company and the shareholders remain the same.

In the case of company reorganisations, transfers of immovable property are not subject to transfer fees or mortgage registration fees.

In case of property transferred from a family company to one of the two spouses or their children or to a relative up to third degree, the transfer fees are calculated on the value of the property on the title deed, as follows:

- transfer to a spouse 8 percent
- transfer to a child 4 percent
- transfer to a relative up to third degree 8 percent

The following rates are applicable in the case of free transfers (based on the value stated in the titled deed which refers to values of the year 1920):

- parents to children 4 percent
- between spouses 8 percent
- between relatives up to third degree 8 percent

12 Trusts

A trust is established by an individual “the Settlor” and is a means whereby property “the Trust Property” is held by one or more persons “the Trustees” for the benefit of another or others “the Beneficiaries” or for specified purposes.

Trusts have traditionally been very important tax planning devices. Even today a very high proportion of tax saving structures involves trusts.

International trusts

International trusts are governed by the International Trusts Law of Cyprus. International trusts are not taxed in Cyprus. In fact, Cyprus international trusts enjoy important tax advantages, providing significant tax planning possibilities.

The following advantages are indicative of the possible options for tax minimisation:

- All income, whether trading or otherwise, of an international trust (ie a trust whose property is located and income is derived from outside Cyprus) is not taxable in Cyprus
- Dividends, interest or other income received by a trust from a Cyprus international business company are neither taxable nor subject to withholding tax
- Gains on the disposal of the assets of an international trust are not subject to capital gains tax in Cyprus
- An alien who creates an international trust in Cyprus and retires in Cyprus is still exempt from tax if all the property settled and the income is abroad, even if he is a beneficiary

- The assets of an international trust are not subject to estate duty in Cyprus
- Trusts are usually used by wealthy individuals for the purpose of protecting their estate from inheritance or capital gains taxes in their home country. They can also be used by expatriates settling into a trust before repatriating assets acquired while working abroad, to protect such assets from tax in their home country.

13 Redomiciliation Of Foreign Companies

As from 2006 the Companies' Law Cap. 113, was amended to allow:

- Foreign companies to be redomiciled in Cyprus, and
- Cyprus registered companies to be redomiciled abroad

A foreign company registered in a country which allows redomiciliation and whose Memorandum and Articles of Association provide for the possibility of redomiciliation, may apply to the Registrar of Companies in Cyprus to be registered in Cyprus as a continuing company pursuant to the provisions of the Companies Law Cap 113.

Companies which offer licenced activities under certain provisions of the law in their jurisdiction and for which similar licences are required in Cyprus, must produce relevant consent for their redomiciliation by the proper authorities of their country.

Public companies

In case the foreign company is a public company, then the following must be produced:

- the prospectus of the foreign company, once the shares have been offered to the public
- if it is listed on a Stock Exchange, evidence of consent of the foreign stock exchange allowing redomiciliation in Cyprus
- list of present shareholders duly certified

Temporary registration

From the date of issuing the temporary registration certificate, the foreign company:

- is considered as a legal entity duly incorporated according to the laws of Cyprus
- has the same liabilities and is eligible to exercise all powers that registered companies have according to the laws of Cyprus
- the constituent document of amendment is considered as the Memorandum of the company and where applicable as its Articles of Association
- the registration of the foreign company is not lawful and is void if it is done for the purpose of establishing a new legal entity to damage or affect the continuance of the foreign company as a legal body, to affect the property of the foreign company and the way this company will maintain its assets, rights and obligations, to render ineffective any legal or other procedures filed or to be filed against the foreign company, or prohibit from any conviction, judgment, opinion, debt, order or liability against the foreign company or its officials or shareholders

Within six months from the issuing of the temporary registration certificate, the foreign company must present evidence to the Registrar of Companies that it has been removed from the register in the country of initial incorporation.
